

Job advert for Senior Developer position

Lendomatic ApS is seeking a flexible, passionate and highly dedicated Senior Developer to join our international development team. We are a company in growth and working at a high pace, which will enable you to grow professionally and personally. You will also be able to put your own mark on the team's processes, design and future, in co-operation with your colleagues.

The Job

- Develop, maintain and support internal business applications in PHP.
- Integration of multiple data sources and databases into one system.
- Creating database schemas that represent and support business processes.
- Participation in improving development standards and processes.
- Participation in design and documentation processes.
- Mentor the Junior developers on the development team.
- Identification and reporting of risk or potential issues to nearest Manager.
- Ensure development delivery goals and timelines are met.
- Assist in the identification, analysis, and resolution of technology problems.
- Recommend improvements to processes and technology that improve the effectiveness of the team.
- Demonstrate the ability to adapt and work with team members of various levels of experience.
- Be a lead programmer that independently comes up with innovative solutions that the whole company will benefit from.

Your qualifications

- 3-5+ years of experience with PHP development.
- Strong knowledge of PHP web frameworks such as Laravel.
- Knowledge of object-oriented PHP programming.
- Familiar with the limitations of PHP as a platform and its workarounds.
- Strong knowledge of the common PHP or web server exploits and their solutions.
- Knowledge of application performance profiling and optimization, including code optimization.
- Strong understanding and experience with MySQL.
- Understanding accessibility and security compliance.
- Understanding of MVC design patterns.
- Experience in the usage of UML.
- Understanding fundamental design principles behind a scalable application.
- Experience with user authentication and authorization between multiple systems, servers, and environments.
- Experience in both architecture and implementation-level software design.
- Experience in requirements capture, analysis techniques and process improvement approaches.
- Experience with cloud-based distributed applications and data processing.
- Proficient understanding of Git.

Job advert for Senior Developer position

- Experience in a variety of software development approaches and methodologies including Agile and Waterfall.

Personal

- Fast learner with strong attention to detail.
- Great at documenting processes and standards.
- Strong verbal and written skills in English.
- Excellent communication skills.
- Strong facilitation and coaching skills.
- Driven by results and growth.
- Must be the type of person that takes initiative and doesn't need to be micromanaged.

We offer

Our daily work is characterized by a casual environment, with an open and honest mindset. Our guys love to learn new stuff and share it with their co-workers. You will join a small company with a non-hierarchical structure and massive growth.

- Open and dedicated co-workers.
- Open workplace for you to learn new skills, tools and grow professionally, as well as personally.
- Salary based on your qualifications and experience.
- A location in the middle of Copenhagen, in beautiful offices.
- Great lunch option served every day.

How to Apply

Simply send your application directly to nko@Lendomatic.com and write "Senior Developer" in the subject field. If you have any further questions about the position, please call Nicki Kousted on +45 61 71 91 24, or write an e-mail to nko@lendomatic.com

Please send your application as soon as possible, since we'll be doing interviews as the applications come in.

For the purpose of processing your job application, Lendomatic will process your personal data. We encourage you not to provide us with sensitive information (e.g. racial or ethnic origin, political, religious or philosophical belief, trade union membership, health information or sexual orientation) about yourself.

In connection with the recruitment process, all personal data will be deleted three months after the process has been completed unless you have been employed. We hereby kindly request that you apply again for a new position of interest at Lendomatic ApS at a later date.
